Membership Application Form

The Derwent Valley Railway (DVR) is a not for profit incorporated association committed to the preservation and utilisation of the Derwent Valley line, associated infrastructure and rolling stock. The DVR depot is located at New Norfolk in the Derwent Valley, 35 kilometers north-west of Hobart.

The organisation owns a number of steam and diesel locomotives, previously used for mainline running on the Tasmanian rail network. We also own various passenger carriages, with a combined capacity of over 300 passengers.

It is intended to resume passenger journeys on the Derwent Valley line, from New Norfolk to Mt Field National Park, through some of Tasmania's most breathtaking scenery.

All work, including maintenance, restoration and operations, is carried out by volunteers. As such your membership is extremely valuable to us. As a member, active participation is not required, however it is encouraged. There are many volunteering opportunities available.
